Product Description

Pathfinder - Monster Guide 3, paperback (DE), 320 pages

Prove your courage in the face of the most notorious opponents from myths and legends! The Pathfinder Monster Guide III presents hundreds of different monsters for the Pathfinder RPG. On the pages of this book you will find half-corpses and demodands, grave knights and goblin snakes, norns and nephilim, imperial dragons and free eidoli and much more! Doesn't every creature have to be an enemy? Winged Garudas, clever Tanuki and leonide Lammasus are waiting to join the group in battle!

The Pathfinder Monster Handbook III is the third indispensable volume with monsters for the Pathfinder RPG and acts as a companion volume for that Pathfinder basic rules and the Pathfinder Monster Manuals I and II. This role-playing game is based on more than 10 years of continuous development and a free game test with more than 50,000 players worldwide who brought the most popular role-playing game in the world up to date.

The Pathfinder Monster Guide III contains:

- More than 300 different monsters
- Classic horrors from myth and literature, be it the Burning Sting Snapper and the Righteous Valkyrie or the cunning Dybbuk and the heavy Kappa to be grasped
- Hordes of new creatures, which you can construct, breed or summon to support the group
- New ones as player characters Erect suitable races like the cunning Ratfolk or the Suli descended from elementals
- Challenges for many adventures and all difficulty levels
- Some of the strangest and most popular creatures of the fantasy genre and the Pathfinder campaign world
- Lots of new templates and variants
- Attachments to help you find your way among the monsters, which contain listings according to level of challenge, type of monster and habitat.
- Extended universal monster rules for special attacks and defenses and to make properties uniform and understandable

Warning!Not suitable for children under 36 months.
