Product Description

DSA Adventure - Raven War 2: The Bite of the Spider, paperback (DE), 64 pages

The landing of the Alanfan troops on the north coast of the jungle kingdom of the Kemi was successful. The armed force led by the Black General Oderin du Metuant and the renegade Kemi princess Rhnda IX. Setepen sets out to protect the empire from the influence of his power-hungry Queen Ela XV. and to free their Horasian allies. The army has divided itself into three wedges under the banner of the crowned raven. The middle one, alias Kaiman, is marching under his general Marvana Zornbrecht, supposedly inexorably southwards towards the Spider Mountains. But no war consists only of the glory of the battlefield, the victory of the righteous, and the triumph over a wicked enemy. Raven Talon specialists will soon find themselves confronted with the horrors of war and the need to question their loyalties.

In the second adventure of the Raven War campaign, the specter of war reveals its true colors, while the heroes reveal theirs. Rethink your position in the military hierarchy and decide with what feelings posterity will one day remember the raven war.

The spider's bite can, however, also be played separately from the campaign background.

Warning! Not suitable for children under 36 months.
