Product Description

DSA - Aventurian Compendium, paperback (DE), 240 pages, 2nd edition

Whether in deep forests, dark ruins or in epic battles: Heroes have to face them on a regular basis Fend off your skin, because Aventuria is full of dangers.

With the Aventurian Compendium you hold a rule expansion tape for DSA5 in your hands that opens up numerous new options for combat. Learn powerful fighting styles known only to the best warriors and swordmasters. Practice the secret technique of Hruzuzat or bring down your opponents in the Cyclopean Wrestling.

It doesn't matter whether you want to create a young adventurer who is just beginning his heroic life or a battle-hardened veteran - in this one Ribbon you will find everything you need for this.

But not only warriors get their money's worth, all other hero types can also benefit from the expansion rules contained in the ribbon. In addition to new possibilities for using talent and their areas of application, you can expect numerous focus rules on different topics. Here, the hunt is just as deepened as the herb collecting, the research in libraries or the manufacture of weapons and armor.

The Aventurian Compendium also contains a large collection of new special skills and professional secrets. From blacksmithing to the secrets of astrology to new languages ??and scripts, every player can discover new and attractive skills for their hero.

Warning!Not suitable for children under 36 months .
