**Product Description**

DSA - master umbrella set: sailor's yarn and octopus silver (DE), 48 pages

sailor's yarn & Krakensilber is a game aid for Havena - Sunken Secrets and offers on 48 pages an abundance of game material for exciting adventures in the city by the sea of the seven winds: 5 short adventures in and around the traditional port city, genuine Haven sailor's yarn, which you can play at the gaming table or as a hook for your own scenarios, as well as an extensive expanded building index with references to other Havena publications.

In addition to the eponymous game aid Seemannsgarn & Octopus silver contains the master umbrella set with Let's go on an adventure! - Havena on 32 pages the short adventure twilight and six ready-to-play archetypes from Havena, as well as all the rule additions necessary for them. The adventure takes the Haven heroes to the mysterious Krakeninsel, where they soon find themselves in search of a missing child and the hunt for its kidnapper.

The master umbrella set also includes sailor's yarn & Octopus silver comes with 6 additional pages for the DSA5 universal game leader umbrella. These show the cover motifs of Stadtspielhilfe Havena - Sunken Secrets and the adventures horror from the fog and horror from the depths on 3 pages. The other 3 pages contain useful overviews for diving and fighting in the water, encounter and treasure tables for the Lower City of Haven as well as an overview of the daily run in the port city - and more.

To use this game aid, next to the Rulebook and the Aventurian Almanac, also Havena - Sunken Secrets provided. The DSA5 universal game leader umbrella is recommended for optimal use of the insert pages.

Attention! Not suitable for children under 36 months.

The set of rules is required! As well as Aventurian Almanac and Havena - Sunken Secrets.
