Product Description

DSA - Aventurian Animal Companions, paperback (DE), 128 pages, 2nd revised edition

In the legends about the greatest heroes of their time, not only their deeds of fame are touted, but also the skills of their most loyal companions. Hardly any other adventurer can do without her watchful Olporter dog, her lightning-fast Elenviner thoroughbred or her magical cat confidante. Animal companions can assist a heroine in the hunt or in battle, serve her as a mount or provide her with other useful skills.

Aventurian animal companion introduces you to more than 80 different animals that an adventurer is faithful to Can use companions or companions in arms.

This source book describes a whole range of domesticated animals, such as different breeds of horses, dogs and cats, but also pigs, cattle, sheep, goats and birds. In addition to these typical hero companions and encounters, this game aid also looks at wilder and more fantastic animal companions, for example cats of prey, elephants, hippogrips, western wind dragons and familiar animals.

All animals and beings are described in detail and come with complete boxes of values equipped and each provided with a colored illustration.

In addition to the description of the monsters and animals, Aventurian animal companions also contains focus rules for familiar animals, animal breeding, animal care and training, new special animal skills and a feature about sacred animals.

Warning!Not suitable for children under 36 months.

The set of rules is required!
