DSA - The Heroes' Breviary of the Warring Kingdoms, hardback (DE), 160 pages

The eternal quarrel between Nostris and Andergast has been smoldering for almost two millennia also called The Warring Kingdoms.

The Heldenbrevier accompanies two brave knights on their way through Nostris & amp; Other guests who could hardly be more different. While a Nostrian is setting off from the coastal lake district, an Andergaster from the Freiherrschaft Albumin set off on a journey to the east of the Thurensee. What will they both experience? What dangers are lurking on your way? How do you perceive your homeland and its inhabitants? And what will happen when the two finally meet?

Discover the forests of the forest wilderness, the mysterious cliffs of Haller in the Ingvaltal and the deadly knife-grass steppe. Learn firsthand about the age-old feud between the realms, their people and the spirits of the land who are revered here. What do Nostrian and Andergaster really think of their rulers, the magic power of witches or the mysterious Sumen? And what about the enemy on the other side of the border?

The Heldenbrevier reports on this trip in internal-Venturian sources and grants deep insights into the thoughts and emotions of the locals. It offers countless inspirations for exciting stories, for deepening the background and for designing your own hero. The Heldenbrevier is an atmospheric addition to the Warring Kingdoms regional game aid. It is suitable for masters and players alike, and does not require any knowledge of the rules.

Warning!Not suitable for children under 36 months.
