### Product Description

DSA - The Warring Kingdoms: Nostria and Andergast, hardcover (DE), 192 pages

The eternal dispute between Nostria and Andergast has been simmering for almost two millennia This is why it is also called The Warring Kingdoms.

This regional game aid provides you with additional background material on the warring kingdoms in northwest Aventuria. Get to know the controversial inhabitants and their homeland, learn more about the rough coast of the Lakeland, the dangers of the forest wilderness or the deadly knife-grass steppe of the east. Discover the secrets of the Sumen and witches and let your heroes stand up to creatures like the dark Marwolde or the treacherous dragon dragonflies.

More than ten professions suitable for the region are presented, including the Andergaster Knight, the Nostrian dike builder knowing snake witch or the mysterious druids, who in Andergast are called Sumen in awe.

Warning!Not suitable for children under 36 months.

The set of rules is required!

Also included:

- a village in the forest wilderness, freely playable on the nostrian or other side,
- more about the tradition of knights and the great royal tournaments
- new weapons and armor, including the powerful two-handed Andergaster and the Nostrian longbow
- Focus rules on traits that give your heroes regional flair
- new professions, special skills, rituals and spells as well as the mysterious ancestral symbols
- a chapter with mysteries and adventure pegs especially for the game master
- an enclosed map of the region (A3) as well as in the book city maps of Andergast, Nostria, Joborn, Salza & amp; Salzerhaven and Teshkal
