### Product Description

DSA5 Playing Card Set - Treasures & amp; Treasures 3 (DE), 55 cards

The enemies are defeated and their pockets are looted. The burglar discovers a secret hiding place on his foray into the goldsmith's house, or the thief relieves a dwarven reveler from his money cat in the pub. On every game evening, your group of heroes can get hold of treasures unplanned. This treasure map set enables you to face such situations spontaneously and without worrying. Of course, you can also use the treasure map set when preparing an adventure for fixed treasures to make your work easier. On 53 maps there are large and small treasures especially for the realms of the dwarves: von the iron halls of Xorlosch through the taverns of the hill country to the lost Lorgolosch. Warning!Not suitable for children under 36 months.

The rules is required!

- Scope: 55 cards
