Product Description

The Phileasson Saga - Die Wölfin, Roman (DE), 592 pages, volume 3

After her adventures in the sky tower, her competition with Beorn leads the blender Asleif Phileasson and his team finally moved to the wild north-east of Aventuria. There, in the enchanted forests and wide plains, Phileasson and his companions have to face fierce enemies and daring challenges. Meanwhile, Beorn is also confronted with dark dangers that cast a shadow over his soul. Both Beorn and Phileasson are beginning to understand that this race could possibly cost them more than just life ...
