Product Description

DSA - Notebook of the Gottwals, hardcover (DE), 200 pages

The DSA notebook in Thorwal design is a useful helper at the gaming table and in everyday life. The book in DIN A5 not only has a noble blue cover, which is adorned with Thorwalsch knot ornamentation, but also offers a short glossary with the most important terms of the Thorwalsch language, as well as an overview of the runes of the Hjalddinger, the ancestors of today's Thorwalsch, which come from the distant Hjalddingard sailed to Aventuria.

It offers enough space for notes on the next adventure, to-do lists and your own thoughts and can also be an attractive accessory in live role-play.

Warning! Not suitable for children under 36 months.
