### Product Description

DSA - Alternative hero documents (DE extension)

This set contains hero documents that refer to various alternative rules from the source volume Aventurian Mastery. The documents replace or supplement the previous DSA5 hero documents and ensure that you always have a good overview of your hero's values ??even when playing with the alternative rules. Included are hero documents for the game without an active parade, for the use of the 1d20 trial instead of a 3d20 trial and for the DSA narrative. The set is supplemented by a master person document with which the game master can clearly manage non-player characters.

Attention! Not suitable for children under 36 months. - Game only available in German!
