Product Description

Private Eye - set of rules, 5 edition, 256 pages (DE edition)

In the now 5th edition it is again on the hunt for fraudsters and murderers, thieves, burglars and other large and small criminals in the city on the Thames. It is the last third of the 19th century, the time of Queen Victoria, when London was the center of the United Kingdom.

Combine yourself: As a lawyer, journalist, elderly lady or other contemporary, you will become a detectives. Easily understandable, simple rules enable the game to run, the focus of which is on the actual role-playing game, the storytelling and the interaction between the players. The extensive background section contains the necessary information for the game in the past epoch, which is brought to life again through the descriptions of important buildings and everyday life with its transport, fashion and entertainment options.

The historical techniques and criminalistic possibilities that are available to your detectives when investigating the crime scene and the victim are presented in detail. The perpetrators and the representatives of justice and law are not neglected either.

After this glimpse into Victorian England, Martin Lindner's introductory adventure invites you to take your first steps in London in 1884: lies and deceptions shake family happiness in The King's Head pub. The first case for the new detectives!

One of my easiest detective exercises. - Sherlock Holmes

With revised rules, a new theoretical text "Play and lead detective adventures", additional background information and an adventure, the challenge to old and new fans is once again: Become the greatest detective of all time!
