Product Description

Pathfinder 2 - Age dVO: Ancestry & Origin, paperback, 148 pages (DE edition)

A breathtaking number of different peoples live on Golarion, about whom all kinds of stories and legends circulate. They have made alliances and waged wars throughout the world's long history. There are whispers of holy children and those whose veins are bloodied by rabbits, and rumors are circulating about synthetic androids that are campaigning against the superstitious warriors of Numerias. Now many of these unique lineages are also open to you! This volume presents 15 new lineages and Versatile Ancestry such as the aquatic Azarketis and the Elemental Qarini Descendants, plus new character options for 13 previously published lineages and Versatile Ancestry such as the militaristic Hobgoblins and Lower Plains Touched Tieflings.

Warning! Not suitable for children under 36 months.
