Product Description

Airbrush Complete Set

The Warpaints™ Air Complete Paint Set contains all 126 colours from the Army Painter airbrush range. Inside you will find virtually every colour you will ever need to airbrush a miniature or army - regardless of size or genre. You get a diverse palette ranging from crisp acrylics to shimmering metallics and bright fluo colours. Warpaints Air colours contain ultra-filtered pigments and are pre-diluted so they can be used straight from the bottle.

Warpaints Air colours are extremely easy to use thanks to the unique Colour Triad system, which is based on 34 of our regular Warpaints colours and a corresponding Base and Highlight colour. This makes zenithal highlighting and shading a breeze and painting armies even faster and more coherent. To make things even easier, Warpaints Air already comes with two steel mixing balls.

- 126 Warpaints Air
- Airbrush-ready colours straight from the bottle
- Preloaded mixing balls
- Developed according to the Colour Triad System
