Product Description

Mythgart (5E): Handbook of Heroes (EN Edition)

Welcome to a world of dark paths and rich magic, where you can take on Baba Yaga, sail unknown islands with minotaur corsairs, and stop the angry giants from the icy north. The Heroes' Guide to 5th Edition contains everything you need to create a dazzling character for a campaign in the world of Mythgart. Including eleven new races described in detail and four variants of the well-known standard races. From the troll-blooded barbarian to the raven-folk fighter to the goblin rogue and much more!

The book also includes around four dozen new class options, including Bard Oaths and Paladin Holy Oaths, new archetypes for Fighter, Ranger and Rogue, new domains for Cleric and Circles for Druid. Of course, new bloodlines for wizards, pacts for warlocks and arcane traditions. Complementing all this are new types of magic, 20 new backgrounds and almost 300 new spells!

The Shadow Roads are open again, and the World Serpent stirs uneasily in its sleep. Adventure awaits the brave!
