Product Description

An evil sight that worries the bravest of souls is a lumbering pile of corrupted flesh that has truly earned the epithet "Grimgut". Unlike others who seek to attract a throng of followers, Grimgut instead creates the Retchlings, the remains of those unfortunate enough to find their way into his maw.

Spread the Disease - this set contains Grimgut, 5 Retchlings, Grimgut's banner and profile cards.

Godparents await the chosen ones.
