Product Description

Although the first group of survivors was able to overcome the fierce third-level Birkin mutation and escape, their opponent was not so easily defeated. The creature, lurking in the darkness and regaining its strength, was only biding its time until the second group of survivors arrived before continuing its deadly assault. Can such a monstrous enemy ever truly be defeated?

It is time to rise up and escape the nightmare once and for all.

The Malformations of G: B-Files expansion introduces two new boss encounter upgrades to your game from the B-Files expansion. Designed to be compatible with the B-Files expansion scenarios, this expansion introduces the terrifying Birkin Stage One and the giant Birkin Stage Five bosses - the latter large enough to fill an entire tile!

A copy of Resident Evil 2: The Board Game and the B-Files expansion is required to play this expansion.

This player expansion contains:

- 2 highly detailed plastic miniatures
- 17 cards
- 1 expansion booklet

- Number of players: 1-4
- Game duration: 90+ minutes
- Age: from 14 years
