shipping weight: 0.10 kg
Manufacturer: Ulisses Spiele

Product Description

Attention! The Classic Flashing Blades anthology contains translated versions of the following books. The titles of the modules and adventures are listed in English, as we are just starting the translation and do not want to pre-empt it. **Flashing Blades Rulebook** The forty-eight page rulebook contains the complete rules, including character creation, skills, secrets and advantages, help on military campaigns, politics and social standing. Detailed background chapters provide an overview of the political climate, laws, religion, customs, way of life and a comprehensive feel for the period. The rulebook includes three introductory adventures designed to demonstrate a wide variety of adventure styles possible in this popular genre. They deal with combat, intrigue, international politics and social setting and standing. Included is everything you need to begin a life of romance and adventure in a time when one man's actions could determine the course of history! **Caution!** Not suitable for children under 36 months.

Language: German Also included: - Flashing Blades: Parisian Adventures- Flashing Blades: The Cardinals Peril- Flashing Blades: An Ambassadors Tales- Flashing Blades: High Seas
