Product Description

Discover the builder's adventure: Revell Control RC Construction Vehicle Mini Digger on a scale of 1:18. Revell Control presents the RC Construction Vehicle Mini Digger - a dream for young and old builders alike! This model is not just a remote-controlled toy, but a realistic replica of a real excavator on a scale of 1:18. With a length of 460 mm, a height of 300 mm and a width of 125 mm, the Mini Digger has an impressive appearance. The centrepiece of this model is the advanced 2.4 GHz technology, which enables interference-free and precise control. The robust track drive and armoured control system allow the Mini Digger to be manoeuvred smoothly and efficiently through a wide variety of terrain types, such as sand hills or gravelly surfaces. Particularly noteworthy is the detailed replica of the excavator arm and superstructure, which are fully functional and easy to operate thanks to the 6-channel remote control. A highlight is the metal shovel, which not only gives the Mini Digger an authentic look, but also ensures increased durability and better functionality. Scope of delivery: RC Construction Vehicle Mini Digger, 6-channel remote control, Li-Ion battery, Charger, Operating instructions. (Note: 2 x 1.5 V (AA) batteries are required for the remote control but are not included in the scope of delivery.) The Mini Digger is ideal for children aged 8 and over and for RC enthusiasts of all ages. It is perfect for outdoor use, but can also be used in larger indoor spaces. This model is suitable for beginners to the world of RC models as well as for experienced users who appreciate a realistic and detailed replica. Special features: Realistic design: The detailed replica ensures an authentic play experience. High-quality components: Metal shovel and robust construction for durability. Advanced technology: 2.4 GHz technology for precise control without interference. Versatile functions: Fully functional excavator arm and superstructure for realistic construction site scenarios. Child-friendly: Designed for children aged 8 and over, it provides a safe and fun play environment. Width: 12.5 cm Length: 46 cm Height: 30 cm Item number: 24638 Age recommendation: 8+ Scale: 1:18
