Product Description

Revell Control Buggy BULL SCOUT - Power and action on a scale of 1:10 Experience thrilling action and unforgettable adventures with the Revell Control Buggy BULL SCOUT. This highly detailed 1:10 scale model is perfect for anyone who wants to feel the adrenalin. With a length of 380 mm, a width of 230 mm and a height of 190 mm, the BULL SCOUT not only impresses with its realistic design, but also with its impressive size. The BULL SCOUT is suitable for children aged 8 and over and will get the hearts of young and old racing. Whether on hot tarmac or rough terrain - this buggy masters every challenge. The powerful, profiled tyres ensure optimum grip and enable wild drifts and exciting off-road driving. The smoky squeal of the tyres will impress your friends and provide plenty of fun. With the powerful drive of the BULL SCOUT, you are ready for any adventure. The handy two-channel MHz remote control gives you full control of the vehicle and ensures that you have the upper hand in every situation. With precise control and responsive manoeuvres, you will become the master of the road or the terrain. The scope of delivery includes the BULL SCOUT model, a 2CH MHz remote control and detailed instructions to help you get the most out of your driving experience. Please note that 5 x 1.5V AA batteries and 1 x 9V E-block 6LR61 are required to operate the buggy, which are not included. Go on a journey of discovery now with the Revell Control Buggy BULL SCOUT and experience unrivalled driving fun and action. Be the hero on the road or off-road and impress your friends with this impressive model. Get the BULL SCOUT and feel the power and thrill of a real off-road adventure.
