## 24924 - RC Excavator "Digger 2.0"

from **81,04 EUR**

Item no.: 398535  
shipping weight: 1.00 kg  
Manufacturer: Revell

### Product Description

Immerse yourself in the ultimate excavator experience with the Revell Control Digger 2.0! The Digger 2.0 allows you to make your dream of driving an excavator come true. With its powerful metal shovel, you can clear the biggest mountains with ease. And if there's still a lump left lying around, you can simply use the metal grab to grab it. The realistic construction site experience is made even more intense by the sound that can be switched off. You have full control of the excavator with the 6-channel 2.4 GHz remote control. You can control each individual part of the arm separately and customise the structure as you wish. Thanks to the powerful chain drive, you can tackle almost any terrain. And if things get tight, the shovel will help you, just like its big role models. The Digger 2.0 comes with a replaceable NiMH battery that can be conveniently recharged using the USB charger supplied. With the interference-free 2.4 GHz remote control technology, you can also operate several RC models at the same time.

**Features:** Robust 1:16 scale RC track excavator (approx. 1.6 kg) with 6-channel 2.4 GHz remote control - can be operated indoors or as an outdoor toy. The RC vehicle can be controlled like a real excavator, the left and right sides of the excavator chassis can be controlled individually. The main arm, front arm and bucket or grapple can be controlled individually and the left and right sides of the excavator chassis can be controlled separately. The main arm, front arm and bucket or grapple can be controlled individually and the driver's cab/upper carriage can be swivelled. The bucket and grapple are made of metal - the excavator set is supplied with a bucket, the tree grapple is included in the set and can be optionally mounted. Also excavates below the ground line - with sound module (can be switched off) and replaceable battery - from 8 years.

**Dimensions:** Length: approx. 390 mm / with arm extended approx. 570 mm. Width: approx. 170 mm. Height: approx. 210 mm / with arm extended approx. 450 mm. Weight: approx. 1.620 g.

**Scope of delivery:** Excavator with chain drive, 6CH 2.4 GHz remote control, replaceable 7.2 V NiMH battery (400 mAh), replaceable metal shovel, replaceable metal grab, screwdriver, small open-ended spanner, USB charger, open-end spanner, USB charger.

**Instructions Required:** 2 x 1.5 V AA batteries for the remote control (not included). Width: 17 cm. Length: 57 cm. Height: 45 cm. Item number: 24924. Age recommendation: 8. Scale: 1:16.
