Product Description

Revell Control RC fire boat: Exciting water fun with realistic extinguishing function for children aged 8 and over!Ready for a splashy adventure? With the Revell Control RC fire boat, everyone becomes a hero of the seas. This detailed model boat (length: 350 mm, width: 100 mm, height: 111 mm) is perfect for children aged 8 and over who are looking for exciting water adventures. Thanks to the integrated extinguishing cannon, which is conveniently activated by remote control, the fire boat can extinguish virtual fires or simply serve to amuse friends. With two powerful electric motors and an integrated Li-lon battery, the RC fire boat offers an impressive driving time of approx. 15 minutes. Scope of delivery: The RC fire boat comes with everything you need for instant fun:Model2.4 GHz remote controlUSB charger and USB charging cableOperating instructionsSpare drive screw setWhether beginner or advanced - the RC fire boat offers fun for everyone! It is ideal for use in indoor pools and outdoors and is an exciting and entertaining addition to any RC range. Special features: With its innovative 2.4 GHz technology, the RC fire boat allows several boats to be controlled at the same time without interfering with each other. An additional safety function prevents the propellers from starting up out of the water, while a charge warning ensures that the boat returns to land in good time when the battery is low. Protect your waters and have fun with the RC fire boat from Revell Control!Width:9.5 cmLength:34.5 cmHeight:12 cmltem number24141Age recommendation 8
