### Product Description

Overtake the baby whale in its speeding aquarium, avoid the reading owl with its dangerously swaying pile of books or stop at the zebra crossing with squealing tyres. But be careful: there are also wrong-way drivers on the road! Whether it's a crossroads, roundabout, bend or straight - with the handy-sized pieces, children aged 4 and over can build the road they want. The colourful, tongue-in-cheek illustrations make the game a delight for children and their parents. Details- 1 - 3 people- from 4 years- 550 x 130 x 60 mm
