Product Description

The "GLOWEE 2.0" helicopter impresses with spectacular lighting effects created by LEDs and a special paint finish in the dark. With a length of 250 mm, the helicopter is perfect for beginners and offers an exciting flying experience for young and old. The coaxial rotor system with electronic gyro and the intuitive 3CH-GHz remote control make the "GLOWEE 2.0" easy to control and manoeuvre. Two powerful electric motors provide plenty of power, which are supplied with energy by a powerful LiPo battery. The "GLOWEE 2.0" is supplied with instructions, a spare rotor set, a USB charger and a 3CH-GHz remote control. Please note that the remote control requires 6 x 1.5 V AA batteries, which are not included. The "GLOWEE 2.0" helicopter is suitable for children aged 8 and over and offers an exciting flying experience with cool lighting effects. Get ready to take off and improve your flying skills!
