Product Description

Watch Out Beetlejuice After a fatal accident, you have become ghosts and are now condemned to haunt your house for the next 125 years. New living people keep buying the house, but none of them meet your high standards. So you spend your time scaring them. But you are not the only ghosts in the house. From time to time, Beetlejuice appears and interferes with your haunting ... In the exciting dice game Watch Out Beetlejuice, you take on the role of ghosts who are condemned to haunt their house as bio-exorcists for the next 125 years. In your turn, you try to scare the living and exploit their fears by rolling the dice. Your aim is to collect as many points as possible for chasing away the living before the others do ... or Beetlejuice. Each living person can only be chased away by a certain combination of haunting phenomena. But don't tempt fate too much or it will take its revenge. Because if your dice show three or more Beetlejuice symbols, you call Beetlejuice out of his coffin. If this happens too often, you all lose together and Beetlejuice takes the sweet victory. Stay careful and watch out, because Beetlejuice will sneak around and try to thwart your plans. -Genre: Game of chance-Category: Family games-Mechanism: Dice, Push Your Luck Game content-Beetlejuice cards 28-Living cards 52-Game instructions 1
