Product Description

Witches compete in collecting ingredients to cast spells and gather the most magic. When the moon rises, the witches meet for a friendly competition: they exchange crystals for ingredients with which they can cast spells. They receive magic for successful spells. Who can collect the most magic the quickest? Witchcraft is a fast-paced card game in which 2-6 witches compete in casting spells. The six witches each have different starting abilities. During the game, they take turns swapping crystals for ingredients that they need for their spells. They can also buy new spells or acquire companions to support them in their endeavours. The witches receive magic for every spell they cast. The first player to collect 20 magic spells wins the game. Important information Caution! Not suitable for children under 36 months.
