Product Description

Take your pick of bouquets from The Blossom Cart. This 3D puzzle is an ambulant flower vendor, reminiscent of European cities where flower cart bicycles roam offering sprigs on the busy market streets.- Age: 14+- Material: Plywood, MDF board- Assembly Time: 2.5h- Pieces: 187- Assembled Size: 242*163*210 mm- Package Size: 314*213*40 mm Flowers brighten anyone's day, so pick up a bouquet for yourself or your loved one from the Blossom Cart 3D wooden puzzle. This 187-piece puzzle features a vintage-style wooden cart attached to a bicycle with spinning wheels to transport its haul to delighted passersby at the market. It has an umbrella to shield the buds from too much heat, and a watering can to keep the sprigs fresh. A blackboard is set up next to the cart to draw attention to the blooms, complemented by a small basket of bright yellow tulips. It seems you've attracted the curious nose of a cute kitty cat who now sits quietly by the cart, as well as a yellow butterfly that's currently perched on your signage. From any angle you look at it, this cart is simply irresistible. any angle you look at it, this cart is simply irresistible. It's great decor in places where people can get a 360° view or as simply an addition to your other Rolife miniature houses and book nooks.
