Product Description

The forest and its surroundings lie, frozen in silence. The waterfall that never dries up, softly reaches his ears. The Nisse listens and could swear, he thinks he hears the river of time, and wonders what else its course will bring, and from what source it springs. - Viktor Rydberg In this book you will find four new mysteries for Vaesen - Eerie Roleplaying Game in the Mythic North. The four cases are assigned to the seasons - one case for each season - and can be played individually or in sequence: - A Dance with Death - The SC travel to the green valleys of Dalarna in spring and investigate strange occurrences. - Fireheart - In the hottest summer ever, the SC travel south and face a terrible enemy at the Häryd Ironworks. - The Devil in the Moor - In the autumnal moors of Denmark, there is a conflict between ancient customs and modern ideas. - A Winter's Tale - The SC travel across the Baltic Sea to the snow-covered forests of Ingermanland and come face to face with an unknown creature that creeps through the winter night.
