Product Description

Players roam through forests and meadows in search of pairs of pictures. As soon as a player has found two identical squirrels, trees, colourful flowers or playful Camargue horses, they can take both cards and reveal two more cards. The memory® fans repeat this until two different nature motifs appear. In this way, players train their memory and concentration in Nature memory®. They also get to know the flora and fauna, and the Ravensburger Nature memory® playfully promotes memory and concentration. Nature lovers also get to know the flora and fauna better. memory® - the world-famous classic game has been delighting children and adults aged 3 - 99 for decades. The ingeniously simple rules make it the perfect family game, in which the little ones often win against the grown-ups with their excellent picture memory.
