Product Description

The Cathedral Builders of Orleans (German edition)DESCRIPTIONThe year is 1598 and you have settled in the centre of France in the city of Orléans on the Loire. Your goal is clear: the cathedral of Orléans is to be built, by all of you together, because only together can you meet this challenge!THE CATHEDRAL BUILDERS OF ORLÉANS is a co-operative game for the whole family that is particularly suitable for adults and children playing together. The henchmen already familiar from Orléans are used to carry out the actions. However, they are in two different bags and the question is always: Which bag should I draw from to get the desired tile? You should therefore also remember which tiles go into which bag at the end of the round. Agreements are not only allowed but also necessary in order to be as effective as possible when working out the strategy together.The cathedral must be completed in the third round at the latest, because if a tile can no longer be placed on any other action, it must be placed in the bell tower and thus ends the round. A pretty exciting affair that will make even the cleverest strategists sweat.Special highlight: The players build a real, three-dimensional cathedral!Important informationWarning!Not suitable for children under 36 months.Product details- Item no.: DLP01084- EAN: 4260184330850- Publisher: dip games - Product types: Board games , Family games - Theme: Orléans- Language: German- Release date: October 2023- Number of players: For 2 to 4 players aged 8 and up - Playing time: 30 minutes- Size: 29.5cm x 29.5cm x 7cm - Weight: 1280 g
