Product Description

A wild party, a long queue and lots of chaos - welcome to the legendary Beasty Bar! The characterful card game for 2-4 players aged 8 and up is entering its fourth round: this time with new animals that have a lot to live up to. In this animal-tactical card game, players try to push their animals to the front of the queue to enter the Beasty Bar, known as Heaven's Gate. But the queue is highly competitive and only the cleverest sea creatures make it in! If the queue is full, the two animals at the front get to make themselves comfortable in the bar, while the animal at the end of the queue has to go home. To prevent this, the animals use fishy tricks: the magical manta uses a diversionary manoeuvre, the narrow eel squeezes into every little gap and the noble swordfish duels for a place. Whoever gets the most of their animals into the bar wins! You can put together your own deck of playing cards from all 50 animals from the 4 compatible "Beasty Bar" editions and combine them anew in each game. This means that not only each game on its own, but also all games together, will be an animal spectacle! This turbulent card game full of tactical twists, humour and wit was developed by Anna Oppolzer and Stefan Kloß. Alexander Jung's characterful illustrations make for a feast for the eyes. Important notes: Caution! Not suitable for children under 36 months.
