Product Description

On to the summit! Roll 4 dice and group them together individually, in pairs or more to form numbers from 5 to 10. For each of these numbers, your goat moves one space forwards on the corresponding mountain. When your goat reaches the top, you receive a point chip with the corresponding value. You collect more chips as long as your goat remains on the summit and you roll more identical numbers. But the competition never sleeps: the next goat on the same peak throws you back to the foot of the mountain. If you collect a chip from each of the six mountains, you will receive bonus points. Quickly explained and quickly played. Perfectly suited as a beginner's game or as a prelude or finale to a game night, even for frequent players.
