Product Description

Cold Case Detectives - Crime game: Solve unsolved crimes When a murder case cannot be solved, it is called a cold case. As Cold Case Detectives, you take on such cases and solve crimes that have been unsolved for years. This game is designed like a realistic investigation file. View and analyse newspaper articles, evidence, photos, documents, digital materials and much more. Case #1 - Summer 1998 It is summer 1998 in the small town of Rudensberg. 19-year-old Bernd Zöller is found murdered in the outdoor pool. Dive into the late nineties and find out who is responsible for the murder. General information: Use over 40 realistic documents and objects and work like real investigators to co-operatively find the murderer. With videos, soundtracks, special websites and lots of other interactive content. Important: you need Internet access. The story can only be played once, but the material is not destroyed and can therefore be given away to friends.
