Product Description

Item no.: 510003668 Item description: 1:24 Alfa Romeo Giulia 1600 Spider The Giulia Spider built by Alfa Romeo was produced from 1962 to 1965 and can be regarded as a further development of the Giulietta Spider, from which it adopted the main aesthetics of the extremely successful design. The Giulia was equipped with a longitudinally mounted in-line four-cylinder engine with a displacement of 1,570 cc, which was more powerful than the previous 1,300 cc engine used in the Giulietta. The introduction of the new engine required changes to the front bonnet, which was also a recognisable and characteristic element. Aesthetic improvements were also made to the interior, steering wheel and instrumentation. The transmission was based on a synchronised five-speed gearbox. The vehicle was produced in two versions: the "normal" with 92 hp and the "veloce" with two carburetors and an output of 112 hp. It achieved good commercial success and was particularly appreciated for its unmistakable "Made in Italy" design. Model kit, scale 1:24, 1:24 Alfa Romeo Giulia 1600 Spider, transparent parts, instructions, decals. Caution! Not suitable for children under 14 years. Product details- Detailed model kit on a scale of 1:24.- The high-quality kit from Italeri must be assembled by the modeler.- The independent assembly is accompanied by step-by-step and illustrated assembly instructions. The assembly instructions are of course included in the scope of delivery.- Based on the assembly instructions, the precisely fitting individual parts must be assembled. The parts can be painted according to your own ideas.- Tools, glue and paint are not included with the plastic kit. These must be purchased as an option.
