Product Description

We have designed the Pyramid of the Sun so that a second level of puzzle can be added to the pictures in the basic game. This not only extends the puzzle experience, but also gives you the opportunity to change the aesthetics of the pyramid. Attaching the second level is quick and easy. Just place the black paper spacers, attach the wooden frames and start puzzling! This set has been beautifully illustrated by Joaquín Nava (@joacoilustrador) and contains 4 puzzle frames + 4 puzzle sets, totalling 200+ wooden puzzle pieces.
