Product Description

Symbaroum is calling and invites you to join in the adventures! Explore the vast forest of Davokar in search of treasure, secret knowledge and glory. Visit the barbarian clans to trade or plunder their treasures. Establish a power base among the ranks of princes, guilds or rebellious refugees in the capital of Yndaros or survive encounters with arch-trolls, vicious, tainted beasts and undead warlords. But whatever you plan, remember the warnings of the guardians of the forest - choose your steps carefully and do not disturb the ruins of the Old Ones, for the dark depths of Davokar are about to awaken. Fast and flexible rules for creating player characters and playing out every conceivable action in the game world. Five playable races and three archetypes, which are divided into 15 professions and serve as a basis for character creation. 35 Skills, 25 mystical powers, 33 rituals and a diverse selection of weapons and armour ensure that each character is truly unique. Detailed guidelines for creating adventures - 38 monsters and antagonists, as well as 19 monster traits to create formidable foes for characters. More than 50 pages of description of the rich game world, its history, geography and cultures. The description focuses on four important areas: the forest of Davokar, the treasure-hunting city of Thistlehold, the Ambrian capital of Yndaros and the cliff of Karvosti, where the barbarian clans meet. This book contains a complete role-playing system - all you need is paper, pencil and dice. The role-playing game is suitable for all adventurous humans, goblins, ogres and changelings aged 12 and over.
