Product Description

For around 20 years, particularly stupid deaths have been honoured with the Darwin Award. In this version of 'Bloody hell', various, sometimes curious, situations are described as to how you can die and you have to decide which of the situations is worse. This is assessed using the so-called "misery index". If you are correct, you get to keep the card, otherwise it is the next player's turn. This variant cannot be combined with the other versions.- Number of players: 2-4- Age: 18+- Game instructions: EN
