Product Description

Experience breathtaking car chases with the Lamborghini Aventador Police RC car! The Revell Control Lamborghini Aventador Police RC car is the perfect choice for action-packed car chases. With a length of 200 mm, a width of 95 mm and a height of 52 mm, this 2-channel RC car in 1:24 scale offers impressive attention to detail and a realistic design. The police design of the Lamborghini Aventador Coupé is a real eye-catcher. The RC car is supplied with a 2.4 GHz remote control, which enables smooth control and a range of up to 30 metres. With its powerful electric motor, the vehicle can reach speeds of up to 10 km/h, allowing you to experience thrilling chases. The grippy tyres ensure optimum grip on various surfaces, while the LED front lighting creates an exciting atmosphere even in the dark. The interference-free 2.4 GHz radio technology allows you to control several RC models at the same time without experiencing interference. The remote control can be adjusted to suit right and left-handed drivers to ensure a comfortable and precise driving experience. Scope of delivery: - 1 x Lamborghini Aventador Police RC car - 1 x 2.4 GHz remote control - 1 x instruction manual. The Revell Control Lamborghini Aventador Police RC car is perfect for beginners who want to take their first steps in the world of RC driving. It offers an exciting opportunity to recreate car chases and control the vehicle with precision. Whether indoors or outdoors, this RC car provides hours of fun and exciting action.
