### Product Description

Revell Control X-TREME Boat Catamaran: Ultimate RC driving experience for water enthusiasts! Immerse yourself in the world of RC sailing with the Revell Control X-TREME Boat Catamaran! With an age recommendation from 14 years, this RC catamaran is the perfect gift for budding amateur captains. Its dimensions (length: 440 mm, width: 125 mm, height: 115 mm) give the model a realistic and impressive appearance. The X-TREME Catamaran from Revell Control, part of the highly acclaimed X-TREME series, stands for an unrivalled driving experience in the RC sector. With its robust hull, powerful 7.4 V LiPo battery and 2.4 GHz remote control, it is ready for a dynamic and exciting ride on any body of water. With a top speed of up to 45 km/h, this catamaran glides over the water, while the Battery Warning System ensures that you are always informed about the remaining battery power. Thanks to the "Anti Capsize Function", the catamaran can be easily righted again even after rapid manoeuvres and tipping over. Scope of delivery: The Revell Control X-TREME Boat Catamaran comes with everything you need for instant fun: - Model - 2.4 GHz remote control - USB charger and USB charging cable - LiPo battery - Operating instructions - Tools (screwdriver and spanner) Area of application and target group: Whether for beginners or advanced users, the X-TREME Boat Catamaran is the ideal model for anyone who wants to experience the fascination of RC boating. It is suitable for both indoor pools and outdoor waters. Special features: The highlight of the X-TREME Boat Catamaran is its innovative 2.4 GHz technology, which allows several boats to be controlled at the same time without interfering with each other. In addition, an integrated protection circuit ensures that the propellers only start up in the water - for maximum safety on land. With the Revell Control X-TREME Boat Catamaran, you're ready for the ultimate in RC boat fun! Width: 12 cm Length: 43.5 cm Height: 10 cm Item number 24140 Recommended age 14
