Tiny Adventures - Hot Rod

from **22,33 EUR**

Item no.: 400184
shipping weight: 1.00 kg
Manufacturer: Revell

Product Description

This hot rod model is a marvel of mechanics. It is equipped with a retraction mechanism and moves dynamically forwards and backwards by about one metre. The opening doors add even more realism and immerse you even deeper into the assembly process. Our laser-cut wooden model kits combine maximum precision with effortless assembly that is simply a joy to assemble. With clever functions that bring the wooden models to life, they offer a fascinating experience.
