Product Description

Shortly before short, board game, for 2-4 players, ages 8+ (DE edition)

Assess, connect, build higher! A random baton is assigned to the player on the move. He determines which two pillars he would like to connect with this. If he has correctly estimated the length of the staff, he places new columns from his supply on the playing field. Whoever is the first to install all of their own columns wins. However, it is not that simple! Because the player on the move may only touch his staff after he has decided which gap he would like to bridge with.

Just before close is the elegant and wood-rich game of judgment in which the players have to correctly assess the distances if they want to build high.

Warning! Not suitable for children under 36 months. Legal minimum age: 8

- Number of players: 2-4
- Duration: 30-45 minutes
