

Item no.: 400360

Double decker biplane

from **8,56 EUR**

Item no.: 400360
shipping weight: 1.00 kg
Manufacturer: mic o mic

Product Description

The mic o mic "small biplane" kit with rotating propeller offers great building and collecting fun for young and old. Slip into the role of the pilot and explore the world from above or travel to places you have always wanted to see. There are no limits to your imagination and you are free to explore the world. mic o mic creates positive emotions with its rounded edges, surface texture, fresh colours and smooth shapes and lets you experience a whole new way of playing and building.
