### Product Description

For neatly storing all the contents of the base game and the two expansions in the original base game box - Includes Flex Cross Band green. Experience an adventure from a new perspective. Transformed into a mouse, you face the many dangers that "Mouse and Mysticism" and its expansions have in store for your band of mice. We have the perfect Feldherr organiser for you so that you don't have to lug three full game boxes to your next game night. Here you can store all the contents of the base game and the two expansions compactly and neatly in the original base game box, without transport becoming a balancing exercise for advanced players. - The organiser fits exactly into the original board game box of the "Mouse and Mysticism" base game. - It offers space for all miniatures, cards and the complete game accessories of the "Maus und Mystik" basic game and the two expansions "Herz des Glüm" and "Geschichten aus dem Dunkelwald". - The token, figure and card holders can be removed individually. - All cards also fit with protective sleeves (max. outer dimensions with sleeves: small cards: 72 mm x 47 mm, normal sized cards: 92 mm x 67 mm). - The 16 game board components are placed on the token holders and figure trays. - Larger components - such as the tree and branch support, the fate board, the rulebook and the two storybooks - are stored on the foam cover. - Transport and tip-proof - vertical storage possible. - The box protrudes approx. 3 cm. - The Flex Cross Band size L, which is also included in the set, provides more stability during storage and transport. - "Ready to use" - no assembly required. While you deal with bugs, mousetraps and the house cat, we keep your mouse hole tidy. The various inserts help you sort cheese, miniatures and game materials. Time-consuming pre-sorting is now a thing of the past. The time you need to tidy up after the game is also significantly reduced thanks to the clear structure of the organiser. As well as keeping the box tidy, it also keeps the table organised. At the start of the game, simply take the trays out of the box and spread them out on the table. You're ready to play straight away. The set contains: - 5 plastic card holders, each with a compartment for normal-sized cards such as search cards and encounter cards (maximum 50 cards with protective cover per card holder). - 1 plastic card holder with 4 compartments for small-format cards such as initiative cards and ability cards (maximum 40 cards with protective cover per compartment) + tray for hero sheets. - 1 plastic token holder with a compartment for small-format cards such as initiative cards and ability cards (maximum 40 cards with protective cover per compartment) + tray for hero sheets. - 1 plastic token holder with one compartment for game material such as snake and leaf markers. - 1 plastic token holder with 6 compartments for game material such as action cubes, large round markers, wasp markers, markers for individual successes and markers for group items. - 1 insert for the plastic token holder with one compartment for large markers. - 1 attachment for the plastic token holder with 10 compartments for game material such as condition markers, inhabitant and pet markers. - 1 plastic figure holder with 17 compartments for game figures such as mouse heroes, large opponent models and spiders. - 1 plastic insert with one compartment for game material such as opponent markers and turtle markers. - 1 plastic figure holder with 24 compartments for game pieces such as opponent models. - 1 plastic insert with 2 compartments for game material such as cheese markers and wound markers. - 1 foam lid - 1 Flex Cross Band green - size L.
