📄 Product Description

Game of knowledgeThe best family quiz game in the universe! Fly through space like an astronaut, answer the questions correctly and collect all the planet rings. The first player to reach the planet Galaxia wins the game! The classic "Game of Knowledge" shines in new splendour. In addition to a fresh and new packaging, the more than 2000 questions have been revised in two difficulty levels. And this is how it works: 1. the game board shows a simplified two-dimensional representation of our solar system. The furthest planet on the board is Galaxia. 2. there are lots of tricky questions to solve in order to reach it. The astronauts must have a good general knowledge and also answer many specialised questions. The most important thing is that they don't give up, even if they don't immediately know the answer to every question. 3. children and adults can easily play the "Game of Knowledge" together, as there are questions from different areas of knowledge, at different levels of difficulty and for all age groups. MARS: Fairy tales & stories SATURN: Fun & entertainment NEPTUNE: Animals & plants JUPITER: Heroes & villains URANUS: Words & language PLUTO: Sports & games 4. Whoever reaches the planet Galaxia first wins the game! Contents:- 1 double-sided printed game board: one side for the original game with a duration of approx. 45 minutes; the other side for the quick version with a duration of approx. 20 minutes. 20 minutes - 1 card dispenser in the bottom part of the box - 6 playing pieces (in 6 different colours) - 36 planet rings (6 each in 6 different colours) - 126 general knowledge question cards - 126 special knowledge question cards (21 cards each in 6 different categories) - 1 dice- EAN:8710126199077- Product dimensions: 26x32x8- Material: cardboard, plastic- Made in: Netherlands - 2-6 players- 45 min- 8+ years
