Product Description

[Requires a basic version of the Ark Nova insert]e-Raptor insert Ark Nova: Marine Worlds UV Print is your essential accessory to organise and enhance the gaming experience. The insert is only compatible with our Ark Nova UV Print insert - you swap out the elements in the box and can arrange all the new game components and sleeved cards to keep them in order - no more chaos on the table during gameplay. No more searching for the elements you need during the game. And when the box is closed, the components are still organised, ready for a new game faster than ever before! The insert is durable and made of high-quality HDF. No glue is required for assembly. It allows you to keep all the components in the box. You can see the suggested components in the pictures. This offer concerns only the insert. The game is not included. Compatible with our Ark Nova UV Print Fits in the box with the dimensions: 37.0 x 30.0 x 7.0 cm Important notes Caution! Not suitable for children under 36 months.
