Product Description

Officially licensed product! Graphics by Delicious Games
The colourful insert for Underwater Cities + New Discoveries is an essential accessory to organise the game and improve the gaming experience. Thanks to our insert, you can arrange all the game components and sleeved cards to keep them in order - no more mess on the table during the game. No more searching for the elements you need during the game. And when the box is closed, the components are still organised and can be used for a new game faster than ever before! The insert is durable and made of high-quality HDF. Printed using UV technology - the prints are durable and resistant to external influences. No glue is required for assembly. So you can keep all the components in the box, even if it's stored sideways! Everything fits into the basic game box. The lid of the game box is not lifted. This offer refers to the insert only. The game is not included. The insert was designed for the box with the dimensions 32 x 23 x 7 cm. The arrangement of the game components and the insert is described in detail in the instructions.
