### Product Description

**Description** Hook and loop by Dieter Stein Who can make the best hooks and win the race? A running game for the whole family. Up to 5 rabbits set off on the race course, placing themselves on fields and dandelion patches, on carrots and lettuce. The start and finish fields are identical, each rabbit has to go there and back across the playing field once. The winner is the player whose rabbit gets back first. At the start of the game, coloured tiles are distributed on the field to determine the corresponding fields for carrots, lettuce and dandelions. The matching marbles are in the cotton bag. Drawn blind, they determine the path of the hares. A red fox and tall trees slow down the hares. A molehill, on the other hand, prolongs the hares' jump. **Caution!** Not suitable for children under the age of three. Small parts can be swallowed. For 2 - 5 players aged 8 and over. Duration: 30 - 40 minutes. **Game board:** solid oiled beech, 39 x 18 cm. **rabbit figures,** 12 marbles, other wooden game material
