### Product Description

**PALETTO PLUS** Paletto Plus - for up to 6 people Paletto has been one of our best-selling games in recent years. At the request of many customers, the author Dieter Stein has come up with a simplified rule so that you can now also play Paletto with children aged 3-4. The colour cube brings the luck factor into play, and children are delighted when they can take a tile away from another player. As soon as children can match colours, they can also play Paletto. Please note - Paletto Plus is an additional game manual together with a colour cube. It can only be played with a basic Paletto game. Paletto Plus comes with: 1 x game instructions 1 x 20 mm colour cube
