from **30,00 EUR**

Item no.: 400665

shipping weight: 0.80 kg

Manufacturer: Gerhards Spiel und Design

Product Description

Caterpillar rally by Elke and Sascha Schauf Which caterpillar family will reach the core first? The little caterpillars are full and don't want to eat, they just want to play, run through the apple into the core and from there to the finish card. Each of the two players wants to get their caterpillar family to the finish line first. If you're lucky with the dice, 3 caterpillars can enter the apple core at once, if you're unlucky, it's back to the start. It's clever to move your own caterpillars forward and stop your opponent's. Caution! Not suitable for children under the age of three. Small parts can be swallowed. Features: - Game board: solid beech, oiled and printed, 13.5 x 17 cm - The caterpillars are wooden plugs in red and green (we are happy to include plugs in a 3rd colour if required - please specify when ordering) - 1 start and 1 finish card, special wooden dice. - For 2 players aged 6 and over - Duration: 10 - 15 minutes
