from **30,00 EUR**

Item no.: 400693

shipping weight: 0.30 kg

Manufacturer: Gerhards Spiel und Design

Product Description

Tremplin / Menos Always on the move by Frank Stark. Jumping is important in Tremplin, as far as possible. Criss-cross across the playing field and perhaps straight into the target row. However, you should keep an overview and block the other player's path in the other direction. The winner is the player who is the first to completely fill their target row. Simple jumps, as known from many games, are allowed. Chain jumps are also possible. However, the speciality is long jumps, where the same number of empty spaces must always be in front of and behind another plug. Combining these different jumps is the fastest way to reach the goal. Menos combines the familiar principle of "skip + take away" with a new idea. As soon as an outer row is cleared, the playing field becomes smaller by this row. At the end, the colour of the remaining plugs is important, as these score minus points. Menos is a solo game. Caution! Not suitable for children under the age of three. Small parts can be swallowed. For 1 - 2 players aged 8 and over. Duration: 15 - 30 minutes. Game board 14.5 x 14.5 cm made of solid beech. Pieces are wooden plugs, varnished.
